5030 Gateway Blvd, Suite 1
Lakeland, FL 33811
Office (863) 583-0071
Fax (863) 583-0273

Jacksonville Office

13350 International Parkway, Suite 102
Jacksonville, FL 32218
Office (904) 741-1010
Fax (904) 741-1011

Exclusive Representation for...

- PlantWeb Digital Plant Architecture
- Leveraging Digital Intelligence
- Connecting Your Plant
- Controlling Your Process
- Optimizing Your Assets

- Control Valves, Actuators, Positioners
- Severe Service Valves
- Regulators, Industrial & Natural Gas
- Field Instrumentation
- FIELDVUE Digital Valve Controller
- Posi-Seal
- Baumann Control Valves

- On-Site Valve Repair
- Valve Diagnostic Services
- Outage/Turnaround Management

- AMS Suite
- Machinery Health Management
- Vibration & Condition Monitoring
- Performance Monitoring & Optimization

- Digital Automation Systems
- Integrated System Solutions
- A Full Suite of Turn-Key Engineering Capabilities

- Emerson Valve Automation
- Field Q Actuators

- Gas & Liquid Ultrasonic, Orifice, & Turbine flow measurements
- Gas Chromatographs
- Danload Presets, Meter Provers
- Flow Computers & Controllers

- Valvetop Controllers & Switchboxes
- Go Switch leverless limit switches
- Network field networking solutions

- We offer the most complete range of analyzers, transmitters, and sensors for the continuous on-line measurement of pH, ORP, conductivity, dissolved oxygen, ozone, chlorine, and turbidity to the process industry.

- Specializes in Communication Solutions
- Compatible with All Automation Systems
- Seamlessly Link Dissimilar Automation Products
- Over 400 Interface Modules
- 60 Different Protocols

- Resilient Seat Butterfly Valves
- High Performance Butterfly Valves
- AWWA & Accessories

Additional Products

- Ball Valves
- Knife-Edge Gate Valves
- Globes Valves
- Check Valves

- Severe Service Ball Valves
- Four Year Zero Leakage Warranty
- Wear Resistant Coatings

- Valve Positioners & Accessories

Process Control Services...

- Complete Valve Automation
- On-Site Valve Repair (all brands)
- Outage/Turnaround Planning & Management
- Valve Diagnostics & Failure Analysis
- Factory Training for All Products

- Maintenance Contracts
- Inventory Management Services
- Valve Asset Management
- Process Optimization & Loop Tuning
- Project Management

- System Engineering & Configuration
- Control System Life Management
- System Integration
- Operator Interface Development
- Start-up Supervision/Activities

- AMS Suite Implementation
- Full Stocking Operations
- OEM Parts Supply
- Performance Studies & Audits
- Performance Improvement Consulting
